

Based on NPGD's analysis you will save an average of \$.03 off the actual pump price and your organization may be eligible to recover federal and state taxes levied on fuel purchases with NPGD's Fuel Man fleet card. You may be able to save approximately 40¢ per gallon.

In addition, Fuelman offers security, controls and accountability whatever the size of your fleet. Set controls on your cards to eliminate the purchase of non-fuel items such as snacks. Track your mileage. The card works at most services station, selecting the specific location that works best for you can be find on our website.

You will receive weekly invoices clearly reflecting all categories of charges including your gasoline purchases. For tax filings, usage or budget purposes reports are available on request. Fuelman will work with you to file for your tax refund.

For your fleet cards please contact **Wanda DiPangrazio** at (410) 350-6399 or email her at wdipangrazio@fleetcor.com.
